OBJECTIVE

Full stack developer experienced in building responsive, scalable, and user-friendly web applications. I enjoy working and developing frontend and backend applications using React, TypeScript, JavaScript, Tailwind CSS, and Node.js.

WORK EXPERIENCE

Full-Stack Developer, McGeorge Consulting Limited 10/2025 – 02/2026
Kwara State, Nigeria

- Developed multiple production-level websites for different organizations, increasing their online visibility and accessibility.
- Tested, debugged, and resolved application issues, improving performance and overall system stability.
- Collaborated with team members to develop and deliver web applications within project timelines, ensuring responsive design and a seamless user experience.
- Developed and contributed to web development training content covering React.js, Node.js, JavaScript, TypeScript, and CMS for the company's learning platform.

Front-End Developer Intern, McGeorge Consulting Limited 01/2023 – 08/2023
Kwara State, Nigeria

- Translated UI/UX designs and project requirements into responsive and user-friendly web interfaces using React.js, TypeScript, JavaScript, and Tailwind CSS.
- Tested, debugged, and resolved frontend and backend issues to improve application functionality, performance, and reliability.
- Collaborated with team members and management to plan, develop, and deliver web applications within project timelines.

Front-End Developer Intern, Outsourced Language Technologies 01/2023 – 09/2023
Abuja, Nigeria

- Collaborated with other engineers to implement and design visually appealing and functional websites and software interfaces.
- Participated in code reviews and provided feedback and reports for code improvement.
- Stayed up-to-date with industry trends and emerging technologies to implement best practices.
